Seminar Overview

Project Alpha is a set of educational seminars for adolescent males conducted collaboratively by Alpha Phi Alpha Fraternity, Inc. and the March of Dimes. First developed in 1980, the program's goal is to assist young men with making responsible life decisions. The program will have several speakers on various topics related to male life experiences. There is an emphasis placed on the notion that many life decisions have consequences, and they should be aware of those consequences.

Note: Project Alpha is a seminar held by Alpha Phi Alpha Fraternity, Inc. The seminar provides an environment where young males can discuss manhood and relationship topics. They will receive information on problem-solving/prevention skills, and share their own experiences in a mostly male setting.

PARENTAL CONSENT FORM

Dear Parents/Guardians:

Project Alpha is a conference held by Alpha Phi Alpha Fraternity, Inc. The conference provides an environment where young males can learn about sexuality, manhood and relationship issues. Young males will receive information and problem-solving skills, and share their own experiences in an all-male setting.

The conference is facilitated by the brothers of Alpha Phi Alpha. During the conference, participants will receive information on HIV/AIDS, other sexually transmitted diseases, teen pregnancy, abstinence/virginity and condom use. Due to the sensitive nature of the content, all conference participants under the age of 18 need the consent of their parents or guardians in order to attend the conference.

No one will be admitted to the conference without this completed consent form. This form should be brought to the conference.

My signature below grants permission for my son to attend the Project Alpha Conference, which is sponsored by the March of Dimes and Alpha Phi Alpha Fraternity, Inc. If transportation is necessary, I agree that my son can ride in vehicles owned or rented by Alpha brothers. I fully understand that during the conference, participants will discuss issues related to sexuality and relationships, such as HIV/AIDS, other sexually transmitted diseases, teen pregnancy, abstinence/virginity and condom use.
